

CAMPSITE APPLICATION

This document outlines the general guidelines for camping on your recreational lease. Please review all information prior to submitting your application.

All campsite applications **MUST BE RECEIVED BY MARCH 1st** to be considered for the upcoming season. Any requests submitted after this date will be declined.

The purpose of this document is to establish clear and consistent policies for camping on your recreational lease. Kingwood Forestry Services, Inc. reserves the right to amend these policies at any time.

- ◇ Camping is not permitted on every property. When it is permitted, camping is limited to designated sites.
- ◇ All campsite structures must be capable of being moved on demand (i.e., mounted on skids or wheels). All non-permanent structures must be removed from the campsite area at the end of each hunting season.
- ◇ No permanent residence will be permitted at campsites.
- ◇ Campsite grounds must be kept clean and free of litter at all times. Garbage must not be burned or buried. All garbage must be removed from the Property and disposed of properly. Junk or unserviceable equipment of any kind, including scrap lumber or metal, must be removed from property. Any structures not in use must be removed.
- ◇ No chemicals of any kind will be stored at the campsite. No petroleum products, except propane, may be stored at the campsite in containers larger than 5 gallons. Petroleum containers must be OSHA approved (spill proof).
